Two Main National Consulting Companies (NCB & ECOU)

About ODAC

- ❑ **The Organization for Development of Administrative Centers (ODAC) was founded in 1989.**
- ❑ **ODAC executes wide range of public projects in the field of construction in all parts of Libya. However, ODAC concentrates on the development of the strategic and major infrastructural projects.**
- ❑ **Since the establishment in 1989, ODAC has stable management and put great deal of time and effort to achieve the highest level of standards, and became one of the most respected firm for developing and managing construction projects in Libya.**

About ODAC

- ❖ **Design and build administrative buildings, residential complexes, mainly for the public sectors in Libya.**
- ❖ **Design and build service projects including hospitals, universities campuses, schools, media centers and sport facilities.**
- ❖ **ODAC is also responsible for the renovation and refurbishment projects which related to the archeology and truism sector.**
- ❖ **ODAC supervises and manages all projects as a “turnkey job”, including the infrastructure and the landscaping work, and also the furniture and all required equipment.**

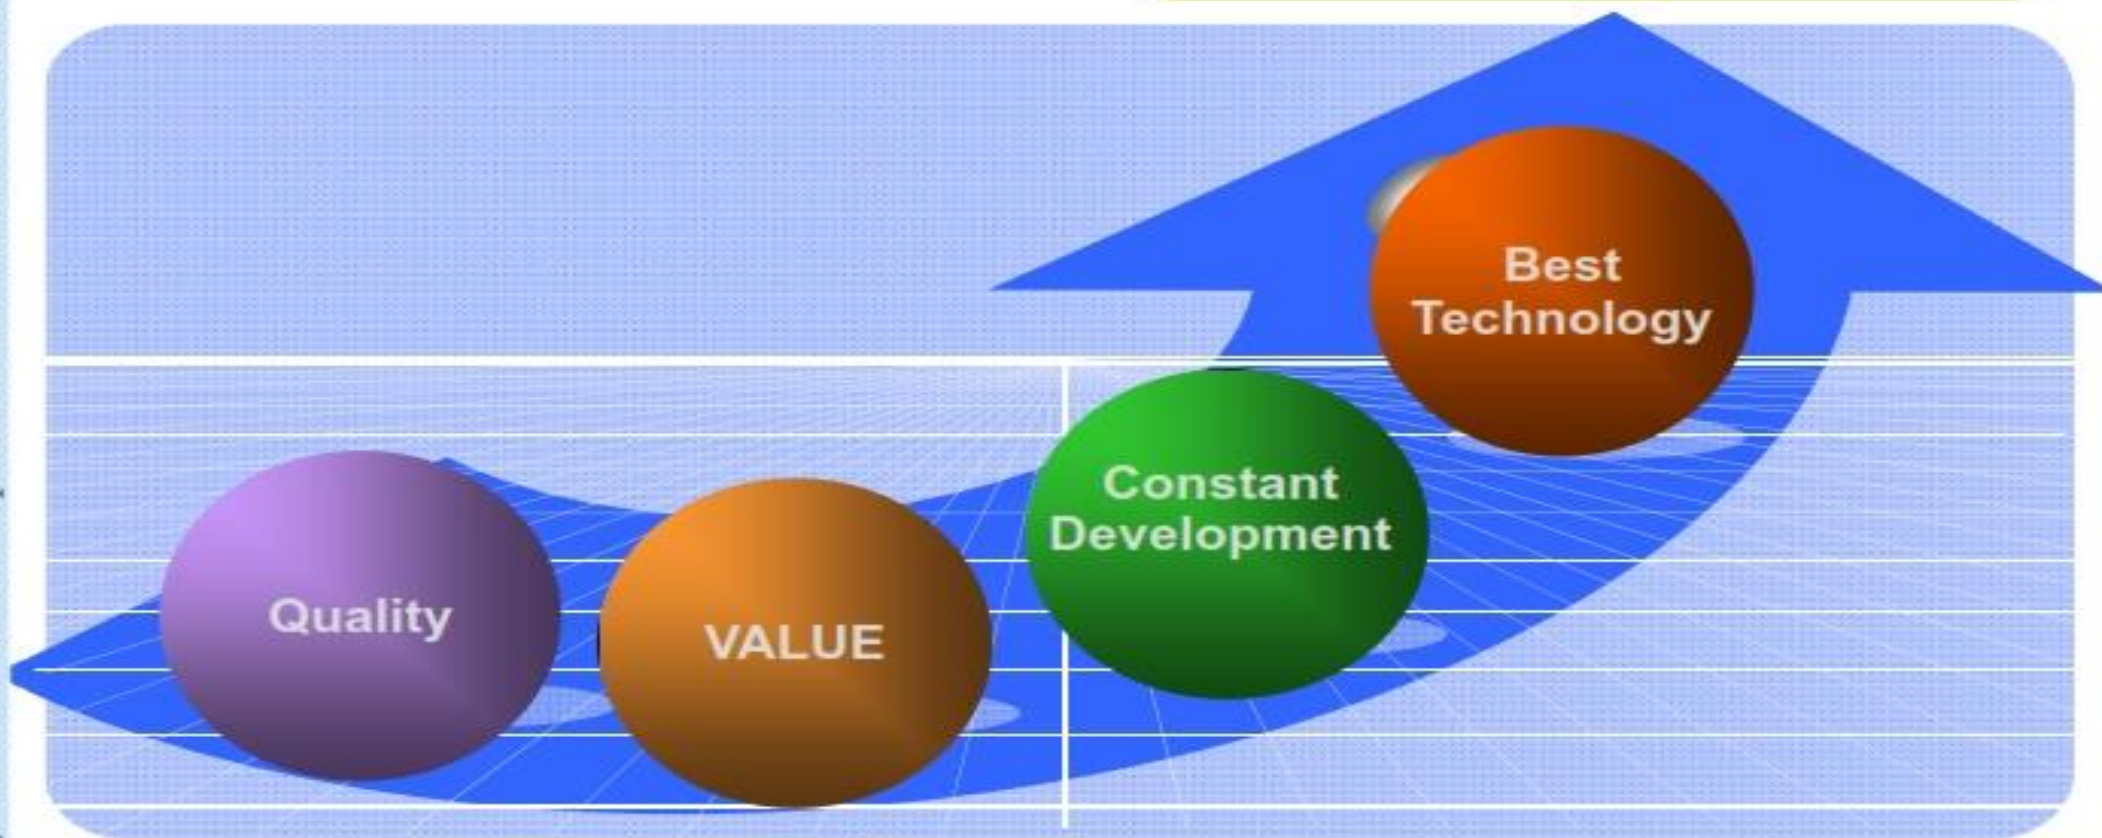

About ODAC

- ❏ **With its reputation and experienced staff, the management of ODAC is always prepared to play a leading role and resolve all obstacles to ensure accomplishing its goals.**
- ❏ **ODAC contracts with both national and multinational companies in the fields of engineering, consulting and construction to conduct the necessary researches, design phases, supervision, projects' management and implementation.**
- ❏ **ODAC has full commitment to use its financial means effectively and maintain a leading competitive edge in a challenging environment, and always willing to put a great effort to meet its ambitious objectives.**

MISSION
